

## International Society of Air Safety Investigators Student Mentoring Program

**Purpose** The purpose of the student mentoring program is to establish a formal link between seasoned ISASI members and university/college students interested in a career in aviation safety.

**Goal** The goal of the student mentoring program is to assist the next generation of aviation safety professionals achieve their goals.

**Why Become a Mentor** As a current aviation safety professional and member of ISASI, you hold a wealth of knowledge and experience. In order to ensure the future health of our discipline, this knowledge must be passed along to the next generation. Mentoring a student provides a wonderful avenue to accomplish this important mission. Join the mentors, already positively impacting college/university students.

**Mentor Expectations** A commitment to communicate with your student on an agreed-upon basis, be a good listener, and share your experiences/knowledge. This can be accomplished by telephone, video chat, email, or in person.

**What is Needed to Get Started?** A brief bio that includes an email address, telephone number, employer, position, and your area(s) of interest/expertise.
